Easy opening

2 winches for easy opening and closing

Internal/external kitchen - including

- An insulated and vented fridge compartment with internal and external access
- Lots of interior kitchen bench space
- External kitchen bench
- All bench tops are finished in Laminex with reinforced corners for durability.
- Stainless steel sink with constant pressure cold water supply to both internal and external kitchens.
- Large kitchen storage area
- Internal table and chairs
- Vinyl floor covering

Wind down tail/storage pod increases internal space

Includes fold up stairs and hand rail with transport cradle for handrail, shower base and storage.

Integrated fly above canvas roof

The fly folds/unfolds with the tent section and requires no extra steps to set up/fold up. It makes the interior a lot cooler on a hot day.

Heavily insulated sleeping platform

with dust/moisture resistant mattress cover for a queen sized mattress. When folded the platform form the hard top for the camper. When opened it creates an awning over the outside kitchen

8 metre undercover clothes line

(when camper is open)

All external hard walls are insulated

above cupboard line

7 large windows with fine mesh flyscreens

(2 with plastic inserts and 4 curtains)

Large entry door also includes fine mesh flyscreen

Internal stairs with hand support – no ladders!

Stair folds up to create extra bench space

2 internal/external access clothes storage compartments

Water

- 90 litre water tank with external lockable filler cap.
- Constant on demand pressure cold water system
- Inline water filter
